

Domino Doubles

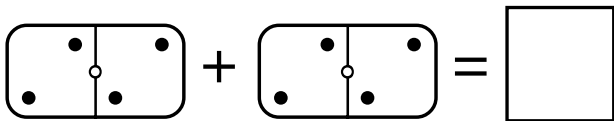

Add the dots on each domino and write the sum. Then write the addition problem. The first one is done for you.

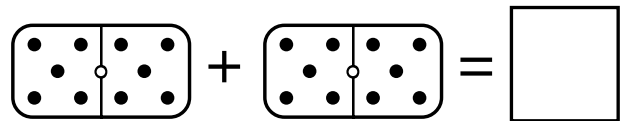

$$\underline{6} + \underline{6} = \underline{12}$$

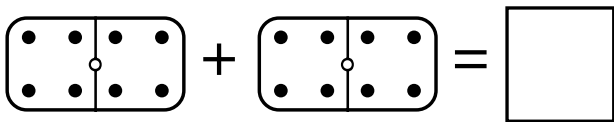

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

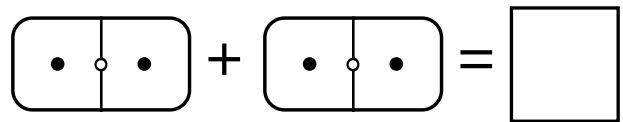

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

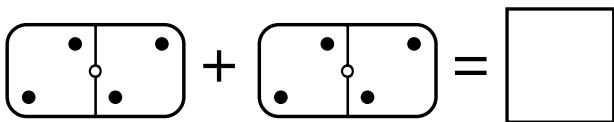

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

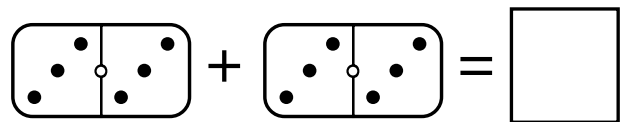

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
