

Fractions

worksheet #8

Add the fractions. Give the answer as a mixed number in lowest terms.

Row 1	$\frac{39}{42} + \frac{35}{42} =$	$\frac{14}{20} + \frac{14}{20} =$	$\frac{21}{32} + \frac{29}{32} =$
-------	-----------------------------------	-----------------------------------	-----------------------------------

Row 2	$\frac{21}{33} + \frac{22}{33} =$	$\frac{13}{17} + \frac{9}{17} =$	$\frac{3}{9} + \frac{10}{9} =$
-------	-----------------------------------	----------------------------------	--------------------------------

Row 3	$\frac{27}{28} + \frac{21}{28} =$	$\frac{21}{33} + \frac{26}{33} =$	$\frac{14}{18} + \frac{15}{18} =$
-------	-----------------------------------	-----------------------------------	-----------------------------------

Row 4	$\frac{3}{9} + \frac{12}{9} =$	$\frac{25}{37} + \frac{32}{37} =$	$\frac{21}{21} + \frac{20}{21} =$
-------	--------------------------------	-----------------------------------	-----------------------------------

Row 5	$\frac{13}{12} + \frac{9}{12} =$	$\frac{17}{17} + \frac{10}{17} =$	$\frac{23}{48} + \frac{44}{48} =$
-------	----------------------------------	-----------------------------------	-----------------------------------

Row 6	$\frac{31}{31} + \frac{28}{31} =$	$\frac{14}{15} + \frac{13}{15} =$	$\frac{15}{19} + \frac{20}{19} =$
-------	-----------------------------------	-----------------------------------	-----------------------------------

Row 7	$\frac{44}{47} + \frac{47}{47} =$	$\frac{32}{41} + \frac{27}{41} =$	$\frac{9}{11} + \frac{6}{11} =$
-------	-----------------------------------	-----------------------------------	---------------------------------

Row 8	$\frac{20}{19} + \frac{10}{19} =$	$\frac{9}{14} + \frac{12}{14} =$	$\frac{23}{43} + \frac{27}{43} =$
-------	-----------------------------------	----------------------------------	-----------------------------------

Row 9	$\frac{29}{43} + \frac{39}{43} =$	$\frac{23}{44} + \frac{36}{44} =$	$\frac{24}{48} + \frac{24}{48} =$
-------	-----------------------------------	-----------------------------------	-----------------------------------

Fractions Worksheet 8 answer key

Row 1. $1 \frac{16}{21}$, $1 \frac{2}{5}$, $1 \frac{9}{16}$

Row 2. $1 \frac{10}{33}$, $1 \frac{5}{17}$, $1 \frac{4}{9}$

Row 3. $1 \frac{5}{7}$, $1 \frac{14}{33}$, $1 \frac{11}{18}$

Row 4. $1 \frac{2}{3}$, $1 \frac{20}{37}$, $1 \frac{20}{21}$

Row 5. $1 \frac{5}{6}$, $1 \frac{10}{17}$, $1 \frac{19}{48}$

Row 6. $1 \frac{28}{31}$, $1 \frac{4}{5}$, $1 \frac{16}{19}$

Row 7. $1 \frac{44}{47}$, $1 \frac{18}{41}$, $1 \frac{4}{11}$

Row 8. $1 \frac{11}{19}$, $1 \frac{1}{2}$, $1 \frac{7}{43}$

Row 9. $1 \frac{25}{43}$, $1 \frac{15}{44}$, 1
