

Hi! I'm Henry the Handyman. Use the prices shown on each item to solve the word problems.

I only have 99¢ in my pocket today.
If I buy the tape measure, how much
money will I have left?

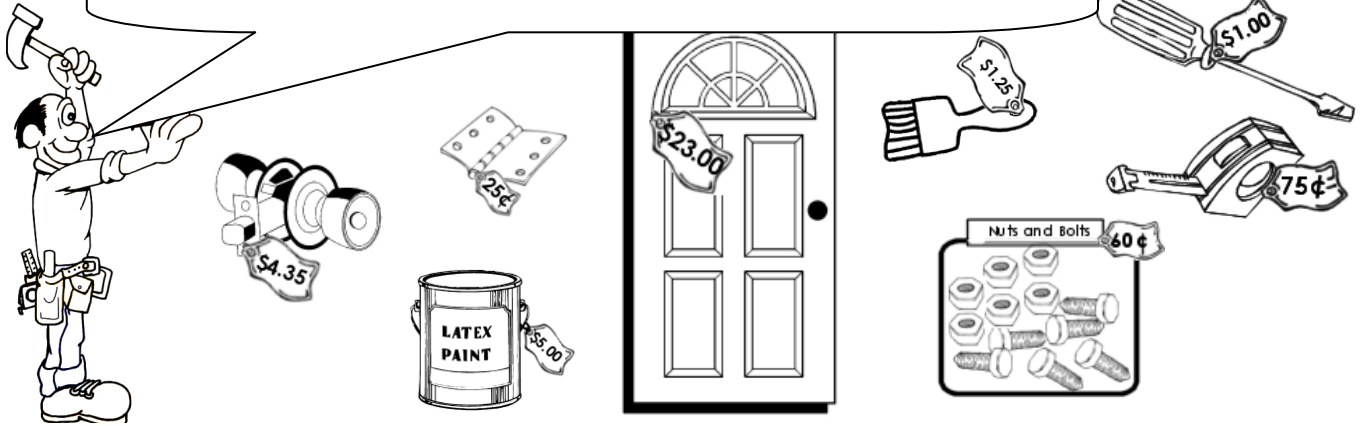

Show your work.

The repair job will require two gallons
of paint and two paint brushes.
How much will the paint and brushes
cost altogether?

How much will three hinges and one
bag of nuts and bolts cost?

I bought the door and the doorknob at
the hardware store. I gave the clerk \$40.00.
How much change did the clerk give me?
