My Musical Instrument Book

String  Brass
Woodwind  Percussion
These instruments are for keeping rhythms or making special sounds.

- drum
- tambourine
- triangle
- bell
- xylophone
- cymbals
These instruments are long tubes of curved brass. They are played by blowing into a mouthpiece and making air vibrate through the tube to make a sound. You can make different sounds by opening and closing valves or by blowing harder or softer into the mouthpiece.

cornet
tuba
trombone
French horn

cornet, tuba, trumpet, trombone, French horn
When the strings on these instruments are bowed, struck, or plucked they create vibrations in the air that you can hear.
These instruments are played by blowing air through the instrument and either covering or uncovering holes to make different sounds.

- oboe
- flute
- clarinet
- bassoon
- harmonica
Fill in the tiles with the instruments shown in this book.

* The first one is done for you.
