

# The Largest Objects

Color the largest object in each box.

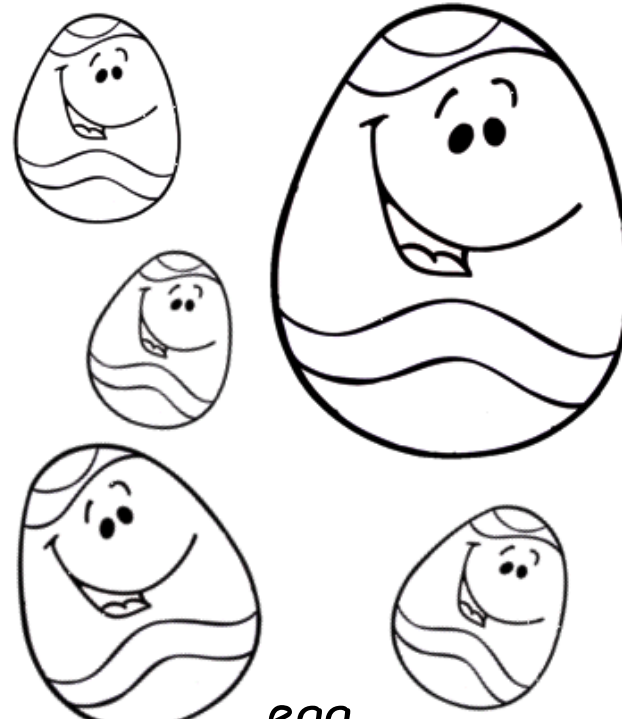

eye

A collection of five line drawings of human eyes. One eye is significantly larger than the other four, which are of similar, smaller sizes.

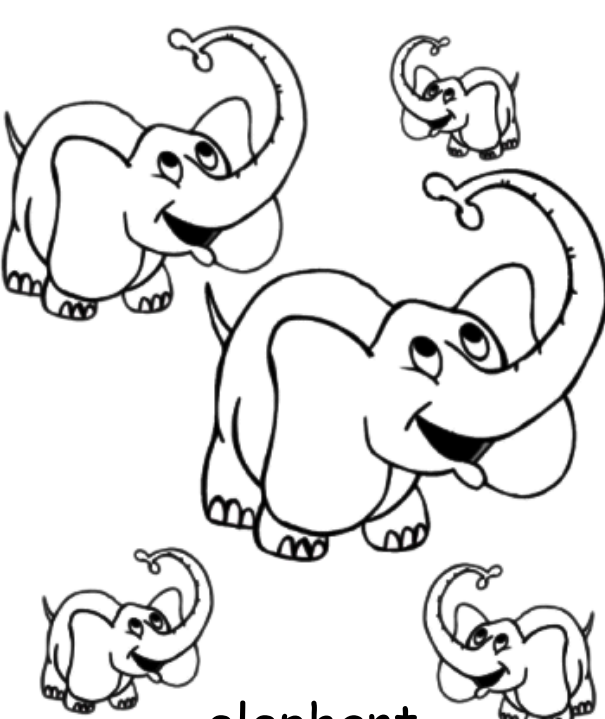

eel

A collection of five line drawings of eels. One eel is much longer and larger than the other four, which are smaller and more compact.

egg

A collection of five line drawings of smiling eggs. One egg is much larger than the other four, which are smaller.

elephant

A collection of five line drawings of elephants. One elephant is much larger than the other four, which are smaller.
