Let's Think About Shapes

Download version

• 90 pages • \$4.95 • ISBN 1-880825-09-0

Back to school sale price \$2.49.

Limited time only!

The activities presented in the *Let's Think About Shapes* publication are designed for an adult and preschool age child to enjoy together.

There are a total of 90 pages in this publication including 52 shape activity pages, 12 supplemental activity pages (blank on reverse for laminating), a front and back cover, and 6 answer key pages. *Let's Think About Shapes* introduces both two-dimensional and three-dimensional shapes. The two-dimensional shapes presented are the circle, square, triangle, rectangle, oval (ellipse), heart, rhombus (diamond), pentagon, hexagon, and octagon. The three-dimensional shapes presented are the cube, cylinder, cone, sphere, and pyramid. Although shapes are presented in a predetermined order, you may utilize the activities in any order you like.
