

## Visions of Tomorrow

You have met a not-so-famous inventor who has invented a time machine. He has asked you to guard his new machine while he takes a much needed rest. Your curiosity has gotten the best of you and you have propelled yourself into the year 2050.

What is your house like?

---

---

---

---

What kinds of food do you eat? How is it prepared?

---

---

---

---

What kinds of clothes are you wearing? What materials are they made of?

---

---

---

---

What kinds of transportation are used in the year 2050? How has it changed from today? Why?

---

---

---
