

# Odd and Even Numbers

## Worksheet 4

Look at each number and circle the correct response.

1.)                    52  
      odd            even

3.)                    84  
      odd            even

5.)                    100  
      odd            even

7.)                    72  
      odd            even

9.)                    85  
      odd            even

11.)                   98  
      odd            even

13.)                   74  
      odd            even

15.)                   89  
      odd            even

17.)                   68  
      odd            even

19.)                   50  
      odd            even

21.)                   67  
      odd            even

22.)                   94  
      odd            even

23.)                   79  
      odd            even

2.)                    77  
      odd            even

4.)                    59  
      odd            even

6.)                    91  
      odd            even

8.)                    56  
      odd            even

10.)                   51  
      odd            even

12.)                   75  
      odd            even

14.)                   87  
      odd            even

16.)                   63  
      odd            even

18.)                   97  
      odd            even

20.)                   71  
      odd            even

Color the picture with an **even** number of books.

Skill: recognize odd and even numbers from 50 to 100.

# Odd and Even Numbers

## Worksheet 4

Look at each number and circle the correct response.

- 1.)                    52  
odd       even

---

- 3.)                    84  
odd       even

---

- 5.)                    100  
odd       even

---

- 7.)                    72  
odd       even

---

- 9.)                    85  
 odd      even

---

- 11.)                   98  
odd       even

---

- 13.)                   74  
odd       even

---

- 15.)                   89  
 odd      even

---

- 17.)                   68  
odd       even

---

- 19.)                   50  
odd       even

---

- 21.)                   67  
 odd      even

---

- 22.)                   94  
odd       even

---

- 23.)                   79  
 odd      even

- 2.)                    77  
 odd      even

---

- 4.)                    59  
 odd      even

---

- 6.)                    91  
 odd      even

---

- 8.)                    56  
odd       even

---

- 10.)                   51  
 odd      even

---

- 12.)                   75  
 odd      even

---

- 14.)                   87  
 odd      even

---

- 16.)                   63  
 odd      even

---

- 18.)                   97  
 odd      even

---

- 20.)                   71  
 odd      even

Color the picture with an **even** number of books.

Skill: recognize odd and even numbers from 50 to 100.
