

# Odd and Even Numbers

## Worksheet 5

Look at each number and circle the correct response.

1.)                    102  
                  odd        even

3.)                    137  
                  odd        even

5.)                    168  
                  odd        even

7.)                    144  
                  odd        even

9.)                    107  
                  odd        even

11.)                   164  
                  odd        even

13.)                   110  
                  odd        even

15.)                   131  
                  odd        even

17.)                   113  
                  odd        even

19.)                   171  
                  odd        even

21.)                   142  
                  odd        even

22.)                   138  
                  odd        even

23.)                   199  
                  odd        even

2.)                    158  
                  odd        even

4.)                    161  
                  odd        even

6.)                    111  
                  odd        even

8.)                    114  
                  odd        even

10.)                   184  
                  odd        even

12.)                   106  
                  odd        even

14.)                   163  
                  odd        even

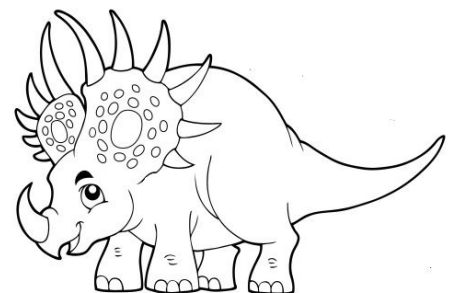

16.)                   167  
                  odd        even

18.)                   166  
                  odd        even

20.)                   119  
                  odd        even

Count the horns on the dinosaur.

Is the number of horns an **odd** or **even** number?  
(circle one)

Skill: recognizing odd and even numbers within 200.

# Odd and Even Numbers

## Worksheet 5

Look at each number and circle the correct response.

1.) 102  
odd  even

3.) 137  
 odd even

5.) 168  
odd  even

7.) 144  
odd  even

9.) 107  
 odd even

11.) 164  
odd  even

13.) 110  
odd  even

15.) 131  
 odd even

17.) 113  
 odd even

19.) 171  
 odd even

21.) 142  
odd  even

22.) 138  
odd  even

23.) 199  
 odd even

2.) 158  
odd  even

4.) 161  
 odd even

6.) 111  
 odd even

8.) 114  
odd  even

10.) 184  
odd  even

12.) 106  
odd  even

14.) 163  
 odd even

16.) 167  
 odd even

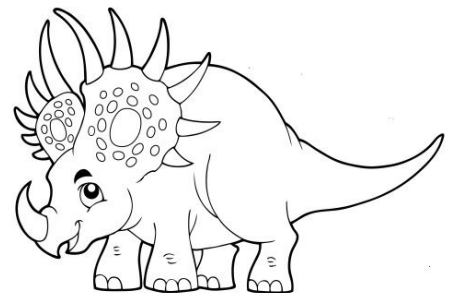

18.) 166  
odd  even

20.) 119  
 odd even

Count the horns on the dinosaur.

Is the number of horns an **odd** or **even** number?

(circle one)

Skill: recognizing odd and even numbers within 200.
